Prairie Research Institute Science Camp 2014

The Prairie Research Institute, which is the home of the State Scientific Surveys at the University of Illinois Urbana-Champaign, is pleased to present the second annual Prairie Research Institute Science Camp from July 21-25, 2014.

The camp will provide a preview of geology, archaeology, sustainable technology, water science, and environmental/biological science and offer hands-on experience in both field and laboratory settings on a wide range of science topics. Students will work side-by-side with scientists from each of the five Scientific Surveys.

For more information, visit: prairie.illinois.edu/camp

DATES: July 21-25, 2014  
TIME: 8 am – 5 pm (Day Camp)  
ELIGIBILITY: Illinois high school students who will be juniors or seniors in fall 2014 or graduating in May 2014 (prerequisite: 1 year each of biology and chemistry)  
COST: $250 (includes t-shirt, snack, Friday pizza party; students need to bring a sack lunch)  
CAMP ACTIVITIES INCLUDE:  
• How to make and use biofuels and biochar  
• What do field biologists do?  
• How clean is your drinking water?  
• Geology – Real world applications  
• How were ancient tools made?  
• and many more!
